

# 21 Popular Preparedness Products

[Modern Survival Blog](#)

The following cross-section of most popular supplies chosen from visitors of our blog, provides insight into what people have been interested in, and perhaps it will interest you too...

## 1. [Big Berkey Drinking Water Filter](#)

It looks like people were most concerned about their drinking water, as evidenced by the Berkey water filter being #1.

## 2. [The Complete First Aid Kit](#)

Our blog contains a number of articles relating to First Aid, and the First Aid Kit listed here (Made in the USA) is a reflection of people's interest.

## 3. [Emergency Mylar Thermal Blankets](#)

A 'space blanket' or Mylar thermal blanket is a tidy and important add-on for one's emergency survival kit.

## 4. [Emergency Water Storage \(55-gallon\) Kit](#)

Again, water is high on most lists of preparedness concerns, and lots of people looked at this 55-gallon water storage 'kit'. Rule-of-thumb, 1-gl /day /person. Minimum.

## 5. [Solar 11-in-1 Battery Charger](#)

Power outages often go along with disasters. This solar battery charger is popular for consumer batteries.

## 6. [Wonder Junior Deluxe Hand Grain / Flour Mill](#)

The 'Wonder Junior' by Wondermill is a popular item among preparedness supplies for those who are looking for a means to mill (grind) wheat into flour (without electricity).

## 7. [5 Gallon Rigid Water Container](#)

It's not surprising that this 5-gallon drinking water container is so popular. When filled, it's still manageable to move around and the material is food grade safe.

## 8. [Potassium Iodide Tablets](#)

Preparedness for a nuclear event (nuclear power plant event or nuclear attack) nearly always involves Potassium Iodide tablets for thyroid protection.

## 9. [Rayovac LED Lantern](#)

I reviewed this LED lantern years ago, and it's still the most popular. Mine has never let me down, and the light will shine a long time before needing to recharge the batteries.

## 10. [Fenix LD22 G2 215 Lumen LED Flashlight](#)

I also did a review on this 'best flashlight' (given my particular requirements) and it is evidently quite popular given the number of those who have checked it out.

11. [5 Gallon Mylar Bags and 2000cc Oxygen Absorbers](#)

A staple of food storage preparedness is bulk storage of some dry goods (rice, beans, wheat, etc..) and these 5-gallon Mylar bags and O2 absorbers are evidently the most popular inserts.

12. [Magnesium Fire Starters](#)

Survival preparedness and fire. They go together. Magnesium fire starters are a popular item. Also check out the 'Fire Steel' from our sponsor vendor, [FireSteel.com](#).

13. [The Gamma Seal Lid](#)

These 'Gamma Seal' lids are perfect for easy access of dry goods stored in 5-gallon buckets. I use these for all my buckets, and apparently so do many others.

14. [The Encyclopedia of Country Living](#)

This is one of the first general purpose preparedness books that I ever ordered years ago, and it is still very popular today – The Encyclopedia of Country Living.

15. [Paracord](#)

Cordage. A high value item for one's preparedness supplies (kit). 'Paracord' is the most popular. Check Tom's paracord (Made in the USA) over at [CampingSurvival.com](#).

16. [Eneloop AA Ni-MH Rechargeable Batteries](#)

These AA rechargeable batteries are THE BEST and most popular for consumer electronics (flashlights, portable radios, etc..).

17. [KA-BAR US Army Fighting/Utility Knife](#)

Who would consider preparedness without a knife? While there are zillions out there, this KA-BAR has been a very popular 'go-to' knife. You might also consider a hand forged & hammered knife (Made in the USA) from our sponsor vendor, [IHKnives.com](#).

18. [All American Sun Oven](#)

Cooking without electricity. If the sun is out, this Sun Oven will do the cooking and it has been a popular alternative choice for those who have browsed here.

19. [Chainmate 24-Inch Survival Pocket Chain Saw](#)

This 'pocket chain saw' will assist the emergency task of cutting through branches or small/medium logs. Although it requires muscle power, it will get the job done (albeit much slower than a chain saw!). Looks like people have been getting this for their kits.

20. [Excalibur Food Dehydrator](#)

Given the popularity of this Excalibur food dehydrator, food preservation is among the higher callings of preparedness.

21. [Datrex 3600 calorie Emergency Food Bar Pack](#)

Calorie dense food bars are perfect for emergency survival kits as is evidenced by the popularity of the Datrex food bars. (Tip: Don't remove from Mylar packaging until needed)
